Saeed Mohammed Esmail Al Shaibani
Chairman & Managing Director

About us

Chairman's Message

A lot has happened in Qatar since 1977 when we first started our business. Our success is due to Almighty God and the incredibly wise guidance of his Highness Sheikh Hamad Bin Khalifa Al Thani, The Emir of the State of Qatar. The great achievements of Qatar were followed by our own, as we realized the main reason for our success is deeply linked to the great development of Qatar's Economy over the last 25 years.

Over the years we have established sustainable investments to develop key capabilities. The Establishment enlisted the services of a group of highly qualified engineers, administrators, designers, technicians, and accountants who are extensively experienced along with our strong infrastructure and technology which enabled us to establish a profitable business. A thorough understanding of the underlying cost structure required to drive economies of scale in construction has enabled us to set a business model for the industry.

Continuous innovation and rapid growth have been the themes throughout our history of extensive experience. Our committed team is always ready to cooperate, and work closely with clients to make their vision become a reality, within minimum risk and efforts and always within budget.

We have taken great efforts to expand and diversify the firm significantly extending our product offering to our customer base and always providing value added services and products to our partners. In the last few years we have attracted several major customers to our client list and have invested in the expansion of our team of engineers in our dedicated mission to make the highest quality service accessible to as many people as possible.

Our employees are committed to growing the company brand in a relentless pursuit to develop winning propositions. With the successful acquisition of Qatar's hosting of the 2022 Football World CUP, we look forward in developing more services and products to offer the everlasting growth in construction, real estate and investments sectors in Qatar. We are confident to make it happen.

The Chairman.

About The Company

Al-Amana Décor and Building Materials pride itself in being an energetic, forward thinking and pragmatic company that takes innovation, time, bond and client management as core value for its businesses. The company has a mix balance of skilled workforce, professional tools, quality and safety management systems along with the experience and network to deliver projects of multiple sectors and required experiences.

We proud ourselves as being one of the leading building material company in Qatar that has delivered consistently quality projects on time. We have developed some of the fastest tracked projects while ensuring quality and safety assurance to be the heart of each activity.

We maintain an impeccable of ZERO LOSS MEN HOURS.

Al-Amana Decor & Building Materials was first established in 2002, as one of the divisions for ceramic and sanitaryware of Al-Amoudi Trading and Contracting Establishment in Qatar. As a result of our continuous success we widen our area of resources to provide our customer for all the materials they need. Now we are one of the leading companies and a professional large-scale supplier in terms of marble, granite, ceramic, porcelain, interior and exterior stone, and sanitaryware throughout Qatar.

Al Amana has steadily grown and expanded our resources. Over the years, our company has managed to build up an association with international suppliers and manufacturers, in addition to utilizing our own Marble and Granite Factory. Tight adherence to our client's needs is essential to our business. Our Long – term relationship with our suppliers allow us to ensure punctual delivery within budget. We provide our clients with creative and achievable design solutions of the height's standard, which can stand alone or be integrated. Our philosophy to deliver excellence to our clients in a cost-effective and timely manner has made us specialist fit-out company in Qatar

Vision, Mission & Values

We bring together extensive capabilities and resources to each project, not just through its talented and experienced professionals but also as a strategic partner to our clients. We are always present for our clients providing personalized services, drawing across divisional lines, bringing value added assistance to strategize and structure the most feasible functional, cost effective and successful projects

As major players in the development of major infrastructure changes and technological advancements in Qatar.
